## Arabs and Jews Weighing Replies To Truce Offer

### EGYPTIANS IN COASTAL TRAP SURROUNDED

Eye-Witnesses Back In Tel Aviv From Southern Front Say Ships Landing Reinforcements

#### AIR RAIDS REPORTED

Washington, June 8.—(P)—Twenty-one American military officers are leaving immediately to serve as truce observers in Palestine, the state department announced today. Seven navy officers are leaving by plane sometime today. Seven army and seven air force officers will be assigned from the European theater. The request for observers came from Count Folke Bernadotte, United Nations mediator, who has been trying to arrange agreement between Arabs and Jews on terms of a four weeks truce.

Cairo, June 8.—(P)—Egyptian forces tried to battle out of a Jewish coastal trap and fighting continued in several areas of northern Palestine today while Arabs and Jews weighed their replies to the latest four-week truce proposal.

Eye-witnesses back in Tel Aviv from the southern front said at least one and perhaps several Egyptian ships have landed troops on the coast in an attempt to rescue forces encircled at Isdud, 23 miles south of Tel Aviv and three miles south of the Israeli border. Jewish forces last Friday turned back four Egyptian vessels, two of them landing craft, in a battle off Tel Aviv.

The Jews said they have surrounded 1,000 men of an Egyptian force of 5,000 on the coast and were attacking in the area yesterday. The Egyptians reported capture of Misanim (Nissan), a Jewish settlement three miles southwest of Isdud, in an attack in which 220 Jews were killed or wounded and 110 were captured.

Foreign and Hebrew correspondents who made arrangements in Tel Aviv to visit the southern fighting front suddenly were ordered to stay in Tel Aviv. No explanation was given, but it seemed that the Egyptian spearhead had wrested the initiative. The Jews admitted the attack on Misanim and said fighting was continuing.

Tel Aviv was hit by successive air raids this morning, beginning at dawn. Planes, apparently fighters, bombed, came singly from the north, dropping bombs from 8,000 to 10,000 feet over the main section of the city. There were casualties in a small hotel and market place. Previously the Arab targets in Tel Aviv have been mostly on the outskirts.

Tel Aviv's northern outskirts were raided twice by planes last night with some deaths and damage.

At Casablanca, French Morocco, it was announced Arab-Jewish rioting has caused the deaths of 42 persons in French Morocco.

Police said 37 persons, all Jews were killed last night at Djerdah, after another five persons died at Oudjda. Ten of the Djerdah dead were children.

Fighter bombers of the French Air Force patrolled over both villages today and the gendarmerie reported order was restored.

Jews and Arabs still disagreed over points in the truce proposal. Count Folke Bernadotte, the United Nations mediator, who has asked replies by tomorrow. Bernadotte did not make public the truce terms or the starting time.

The seven-nation Arab league wants no Jewish immigration, and wants to continue the siege of Jerusalem.

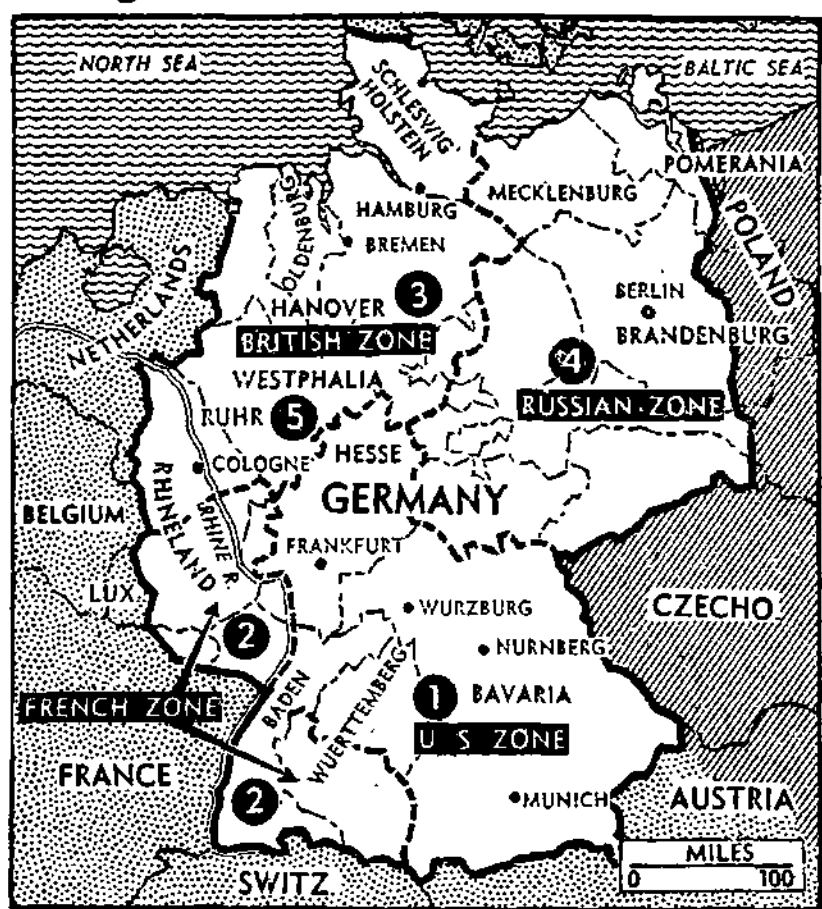

Truman, still considering itself an underground organization outside Israel's borders, announced in a broadcast it will not accept truce terms for Jerusalem which will permit the city to remain under siege. The Jews hold most of the new city, while Arabs hold all the approaches.

### Agree on Self-Rule for Reich

The U. S., Britain, France, Belgium, Luxembourg and the Netherlands announced a tentative framework for the self-government of the U. S. zone (1) and British (2) zones of Western Germany. However, the agreement does not set up a formal "Trizonia" or shut the door on inclusion of the Russian zone (4) in general internationalization of the Reich. Among other things, the plan calls for internationalization of the Ruhr (3) and for steps toward convening a German constituent assembly in the three western zones.

## Associates Say Taft Counts Heavily On Midwest Support

Washington, June 8.—(P)—Associates said today Republican presidential hopeful Robert A. Taft is counting heavily on midwestern support in what may be an all-out drive on the third or fourth convention ballot.

Although Taft himself has denied putting out any feelers, there are signs that the Ohio senator's friends are trying to get cozy with some of Harold E. Stassen's midwestern delegates. The dog-eat-dog hostility of the Stassen-Taft primary battle in Ohio appears to have lost its sharp edge and talk of a possible combination between the two has revived.

Most of the speculation has had Stassen turning to Senator Arthur Vandenberg of Michigan if the former Minnesota governor finds he himself can't make the nomination grade at Philadelphia.

But the Taft camp insists this isn't necessarily so. They contend the possibility isn't too remote that Stassen might throw his strength to the Ohioan.

The Taft people even have some hopes of breaking into the 41 Michigan votes that are lined up for Vandenberg—if the Michigan senator finally puts his foot down on those who have been trying to boom him for a nomination he says he doesn't want.

Most of Taft's friends think Vandenberg is in a receptive mood, no matter what he says. House Speaker Joseph W. Martin, another GOP darkhorse possibility, indicated he also is in a receptive mood. He told Massachusetts Republican delegates at Boston yesterday he would welcome support for the nomination in the event of a deadlock.

Martin is a member of the 35-vote Bay State delegation which hasn't decided which of its three "favorite sons" to support. Besides Martin the others are Senator Charles McNair and Senator William E. Jenner.

Approval of the Millikin-Vandenberg amendment was on strict party lines, with seven Republicans for it and six Democrats against. Millikin declined to say how the committee members lined up later in approving the bill 8 to 5.

## Truman Given Physical and Political Lifts In Idaho

Sun Valley, Idaho, June 8.—(P)—President Truman got physical and political lifts in Sun Valley before departing today on an automobile tour of Idaho apparently in a mood for fence mending, and "a fighting campaign" for the White House.

The political lift came from a promise by State Chairman Dan Cavanaugh of Idaho's 12 votes in the Democratic national convention. The other was a ride 1,200 feet up this Union Pacific Railroad resorts "Dollar Mountain" in one of the chair li's used by ski jumpers from all parts of the world.

The President conferred for 25 minutes with 25 Idaho Democratic politicians in the Sun Valley cottage of W. Averell Harriman ECA "roving ambassador" and former secretary of commerce.

Emerging, Cavanaugh told reporters they had assured the President of Idaho's convention votes. The gathering here was described by Cavanaugh as "a good Democratic meeting." It may furnish the pattern for such parleys in the future on the remainder of Mr. Truman's pre-convention speaking campaign which heads into Butte, Mont., tonight.

A top ranking White House aide, who wouldn't be quoted by name told a reporter:

"The President welcomes a chance to talk to Democratic officials in every state. The only rule we have made is against inviting party officials to ride the special train and against speaking under political auspices."

Mr. Truman planned to leave here at 10 a. m. (EST). He will speak extemporaneously tonight about 10 p. m. (EST) in the Butte high school stadium. The White House said the address would be under civic auspices.

## FINANCES FOR INDEPENDENT OFFICES CUT

Cash Money Slashes For Atomic Commission and V. A. Bureau Suggested by Committee

#### HALT 'HOBBY' TRAINING

Washington, June 8.—(P)—Cash money cuts of nearly nine percent for the Atomic Energy Commission and seven percent for the Veterans Administration were suggested today by the house appropriations committee.

At the same time the committee called for a halt to "hobby" training under the GI Bill of Rights. It also said Atomic Energy Commission officials should show less reluctance to consider the "practical realities" of spending government funds.

In a \$5,795,048,921 bill to finance six agencies during the year starting July 1, the committee recommended:

1. Atomic Energy Commission: \$501,850,000 in cash—a cut of \$48,150,000 from what President Truman asked but \$328,850,000 more than was appropriated this year—plus \$400,000,000 in contract authority, the amount the president asked. The actual money to pay for contracts let under the additional authority will be voted next year or later.

2. Veterans Administration: \$5,125,305,000 in cash—a cut of \$354,600,000—plus \$43,000,000 in contract authorization, \$14,858,000 more than was asked.

3. Office of Housing Expediter: \$15,372,100—a cut of \$5,327,900. Office of Defense Transportation: \$340,000—a cut of \$105,000. The ODT goes out of existence next February 28 unless congress continues it.

4. War Assets Administration: \$500,000,000—a cut of \$56,912,000. The committee recommended that the WAA be abolished August 31, and that the budget bureau supervise the \$50,000,000 and look after the distribution of records and property now belonging to the WAA.

The \$4,225,000,000 in WAA inventories—war surpluses not yet disposed of—would be turned over to other agencies.

The bill boosted to an estimated total of \$33,500,000,000 the amount recommended by the committee this year on the basis of presidential money requests of approximately \$28,500,000,000.

## New Move In Quaker City Tax Scandal

Philadelphia, June 8.—(P)—A grand jury investigation of Philadelphia's tax funds was ordered today by Common Pleas Judge Raymond A. Macneille.

The probe was demanded by two city officials under fire for inefficient management of their office.

The officials—Receiver of Taxes W. Frank Marshall and director of supplies and purchases Charles W. Grakelov—asked for a grand jury investigation yesterday.

Both men refused to resign their posts on demand of Mayor Bernard Samuel.

Raphael I. Monks, former Democratic state representative, has been sought since June 7 on a warrant charging embezzlement, conspiracy and fraudulent conversion of \$25,000.

The Foss note, made public for the first time since Foss hanged himself two weeks ago, was titled "How the shortage in the amusement tax office was divided" and contained the names of a number of men.

Meanwhile, Frank Marshall, receiver of taxes, and Charles H. Grakelov, director of supplies and purchases, petitioned Judge Raymond Macneille of common pleas court for a grand jury probe of their respective offices.

Republican City Chairman William P. Meade demanded Marshall's resignation and requested Mayor Bernard Samuel to oust Grakelov.

Marshall has refused to quit under fire and Grakelov has not acquiesced to the mayor's request that he submit his resignation.

Judge Macneille said he would consult with District Attorney John H. Maurer before ordering an inquiry of the alleged shortages in the two municipal departments.

### Tot Has Open Safety Pin In Her Stomach

Harrisburg, June 8.—(P)—Little blonde four-year old Mary Little Doyle of nearby Newport, was in the Harrisburg hospital today, an open safety pin in her stomach—but she was getting a lot of moral support from Nurse Winkie, of Phillipsburg.

The tot swallowed the pin yesterday and x-rays were being taken at intervals to trace the pin's course.

Nurse Winkie, who stops by the youngster's bed whenever she has a spare moment, swallowed a safety pin when she was a six year old child, "and I know just what it is like."

## Dairymen In Eastern Area Seek Increase

Philadelphia, June 8.—(P)—A two-and-a-half to three cents per quart increase in the price of milk delivered is being sought by dairy farmers in the Philadelphia milkshed.

In another development, the State Milk Control Commission set dates for new hearings on milk prices in the Scranton, Erie and Schuylkill marketing areas.

The request for higher milk prices was made by the Inter-State Milk Producers Cooperative yesterday at a public hearing before Earl J. Smith, U. S. department of agriculture hearing master. There were no objections to the proposed increase by consumer interests.

The cooperative, which represents 6,000 producers supplying the Philadelphia-Trenton-Wilmington markets, seeks federal approval of a \$5.90 per hundredweight price during July, August and September, and \$6.30 for October, November and December.

If the increase is granted, it will add another half to one cent to increases scheduled by the State Milk Control Commission for July 1 and October 1.

In the Erie district, however, the retail price went down one cent to 19½ cents a quart on May 1 and producers prices were dropped a corresponding 40 cents a hundredweight. The prices return to previous levels, however on July 1.

## Storm In Indiana Blows Itself Out

Chicago, June 8.—(P)—The storm which killed one person, injured at least four others and left about 20 families homeless in Henryville, Ind., yesterday, had blown itself out today.

The weather bureau said, however, that another storm area was moving southeastward across Lake Erie, surrounded by an area of showers and thunderstorms over most of Michigan, the lower lakes region and scattered sections of the Appalachians and North Atlantic states.

The tornado which struck Henryville destroyed more than 20 houses and barns, damaged two churches, partially unroofed the high school building and leveled communications. The twister appeared to have the center of an area of thunderstorms which extended through southern Illinois, Indiana and lower Michigan.

The storm was described as severe at Anderson, Ind., and at South Bend the wind was measured at 51 miles an hour.

## Row Over Housing In G. O. P. Ranks

Washington, June 8.—(P)—A GOP family spat on the eve of the party's national convention threatened today. Rep. Wolcott (R-Mich.) made ready to introduce a substitute for the Senate-approved housing bill sponsored by Senator Taft, a GOP presidential aspirant.

Wolcott, chairman of the House Banking Committee, announced that his committee would end its public hearing on housing today, and act on his bill later in the week. The housing issue then will be thrashed out on the House floor beginning Monday or Tuesday.

Republican Wolcott guarded most of the details of his bill, pending formal introduction late today or tomorrow, but he hinted strongly it will not look much like the measure sponsored by Representative Taft.

This held out the prospect that Congress may wind up its session June 19, two days before the GOP convention, in a wrangle between Senate and House Republicans over the housing issue. The battle may touch off a hot platform-writing fight at Philadelphia.

#### TAX ON INCOMES

Greensburg, June 8.—(P)—The South Greensburg school board last night levied a tax of ½ percent on all incomes earned in the borough for one year beginning next July 7. Officials said the tax will raise \$52,283 to make repairs neglected during the war.

## New Appeal Presented To Council For Rest Rooms At Lacy School Playgrounds

Town council last night authorized its parks committee, chairman by S. E. Kuhre, to once again look into the matter of toilet facilities for the borough's playground on school property at the rear of Lacy school on the east side.

However, they offered little hope that such facilities might be installed by the time the playground is opened officially for the summer season next Monday.

The matter of toilet facilities, first presented to the council two months ago by the Lacy PTA, was re-opened last night following a visit to the council meeting by a delegation of PTA members, with the Rev. William T. Lane as its spokesman.

Rev. Lane presented a petition signed by many property owners in the area east of Central avenue asking some action on the problem. The petitioners pointed out that the school board does not permit youngsters at the playground to use existing toilet facilities in Lacy school, and that the children, rather than walk five or six blocks to their homes, use nearby weed patches or areas between neighboring homes.

Council President W. E. Rice told the delegation that the council had gone into the matter thoroughly before, and that it was the consensus of opinion that borough council did not wish to install permanent improvements or facilities on property which borough does not own or on which they have no long term lease. The playgrounds area is leased from the school district on a year-to-year basis.

Later in the meeting, council shot a big hole in its own reason for not providing toilet facilities when it was brought out that similar facilities were installed last year on the West Side play area on property on which the borough has only a short term lease.

President Rice directed Park Chairman to confer once again with school board members to see if some compromise arrangement could be worked out.

Councilmen were unanimous in their expressions that something ought to be done about the situation at Lacy and on other playgrounds. But to some observers, it seemed that the solons and aldermen, the school board members, with an eye on their budgets, are striving desperately to make ends meet without raising taxes, and that neither is willing to take on the added expense on installing and maintaining the toilets.

R. M. Krebs, council finance committee chairman, observed, however, that it doesn't matter who pays the cost, it still will come out of the taxpayers' pocket.

On new contract talks, the coal operators showed little inclination to pick up a bill for \$14,000,000 in miners' death and disability benefits which Lewis tossed on the bargaining table.

The mine owners were slow to reach for the check because no operators served on the board of trustees which lined up future benefits to ailing miners out of the fast-dwindling 1946 welfare fund.

That fund was set up during government seizure of the mines two years ago.

## Senate Set For Second Night Session To Pass Draft Bill

Washington, June 8.—(P)—The senate buckled today to another extra-hours grind which Republican leaders hope will bring final action on a limited draft revival.

The house has a similar bill it plans to take up once the senate passes its measure.

Encouraged by the fact the chamber was able to dispose of seven controversial civil rights amendments in yesterday's 11-hour and 19 minute session, acting majority leader Wherry of Nebraska said he will hold the senate into the night again.

But the chances of a passage vote before tomorrow seemed none too bright. At least seven more amendments await action, including one by Senator Russell (D-Ga.) which also touches on the race issue.

The senate wrote in one modified civil rights amendment last night. It voted 37 to 35 to outlaw the poll tax as a requirement for voting in federal elections so far as members of the armed services are concerned.

BULLETIN  
Washington, June 8.—(P)—The senate voted today to let the army enlist 25,000 aliens. The 43 to 33 vote put the permission into the two-year draft bill. Senator Lodge (R-Mass.) sponsored it. Under Lodge's plan, the enlistees would be eligible for citizenship after five years of service. He said the group would not be formed into a "foreign legion" but would be spread through the army for service. The idea is that there are in Europe thousands of anti-Communist Poles, Czechs and others who would jump at the chance to serve in the American army.

Southern Democrats talked for several hours against this proposal by Senator Langer (R-S. D.) but permitted it to come to a vote.

Support of the Langer amendment by Senator Taft of Ohio, chairman of the GOP policy committee for his party's presidential nomination, brought a charge by Senator Lucas (D-Ind.) that the Republicans violated a "general agreement."

Taft retorted that he knew of no such agreement. But Lucas said it was generally understood by senators interested in the draft bill that all seven of the civil rights amendments proposed by Langer would be shelved to avoid the threat of a Dixie filibuster.

Actually, three of them were, and another three were defeated.

## REQUESTS FOR PAY BOOSTS ARE REJECTED

Borough Council Turns Down Plea of Police and Firemen For 10 Per Cent Pay Hikes

#### TWENTY ARE AFFECTED

Expressing dissatisfaction over a pay boost of from five to seven cents an hour, effective June 1, granted at a meeting of town council last night, some 29 municipal workers in the Warren borough streets and parks department went on strike today.

The borough workers had asked a pay raise of 25 cents an hour, retroactive to May 1.

A similar request by borough police and firemen for a 10 percent pay hike, effective June 1, was turned down by council.

R. M. Krebs, chairman of council's finance committee, declared at last night's meeting of the solons that it would require a two mill increase in the tax levy to take care of the full pay demands of the police, fire and municipal workers.

The new scale for streets and parks workers raises the hourly rate for mechanics and equipment operators from 85 cents to \$1; truck drivers from 82½ cents to 87 cents; and laborers from 76 to 82 cents.

Krebs said that a survey showed the pay scale for Warren police and firemen compared favorably with other communities in northwestern Pennsylvania, such as Oil City and Bradford, but that "we were somewhat under the going rate for labor in those two communities."

He said, in recommending the new scale for the streets and parks department, that the new rates would bring Warren in line with that paid for similar job classifications in Oil City.

The parks department has five workers affected by the new wage scale, while about 15 are employed by the streets department.

The strike of the borough workers did not come as a complete surprise to councilmen. It had been rumored for some time that the workers planned to walk off their jobs if they were not satisfied with council's action on their petitions for a pay raise.

## MIDSHIPMEN SAIL ON THEIR ANNUAL CRUISE

Norfolk, Va., June 8.—(P)—United States Naval Academy midshipmen, 2,450 strong, sailed yesterday on their annual cruise to foreign waters.

With them were 723 members of Naval Reserve Officers' Training Corps unit from 11 colleges, 500 reserve officers and navy enlisted reserves and 25 cadets of the U. S. Military Academy class of 1948.

Included in the college ROTC units was one from Penn State. "Thirteen ships made up the squadron, which will stop first at Lisbon, Commanding the squadron is Rear Admiral Heber H. McLean of San Antonio, Tex. His flagship is the Battleship Missouri.

## BELLHOP FACES TRIAL ON ASSAULT CHARGE

Lake George, N. Y., June 8.—(P)—John G. Finn, 23, Stamford, Conn., bellhop, goes on trial next Monday on a second degree assault charge he struck Reva Reznick shortly before her body was found in Lake George last August.

Warren County Justice Howard A. Cressbrook yesterday set the date for the trial. A grand jury indicted Finn last October after investigating the mysterious drowning of the 23-year old New York City nurse.

Finn is free in \$5,000 bail.

## Drive Launched to Collect State Tax On Cigarettes

Harrisburg, June 8.—(P)—Otto F. Messner, acting secretary of revenue, said today the commonwealth has opened a campaign to collect the state's tax of four cents on each pack of 20 cigarettes directly from mail order buyers.

"We haven't had any refusals yet," Messner told a reporter, referring to persons receiving the bill.

Messner added that the drive is not bringing in too much revenue but that it is ending the mail-ordering of cigarettes to escape the tax. He explained the state revenue department under reciprocal agreements with other states taxing cigarettes, receive lists of out-of-state buyers.

"When a person buys a carton or two of cigarettes in a store in New York, for instance," he said,

"the store claims a tax exemption. Under our agreement with New York, they supply us with a list of those exemptions and we send out the bill to the buyers."

Messner said the drive is "definitely breaking up" the mail order business as far as the sale of tax-free cigarettes is concerned.

A bill now pending before Congress would permit state officials to inspect packages believed to contain cigarettes and similar state-taxed articles.

Messner said if that bill becomes law, it would end the mailing of tax-free cigarettes from states where no state tax is imposed.

The situation developed after Pennsylvania doubled its tax in 1947. At the same time another law made it illegal to possess 200 or more untaxed cigarettes in the state.

## "Quickie" Legal Residences Figures In Divorce Decision

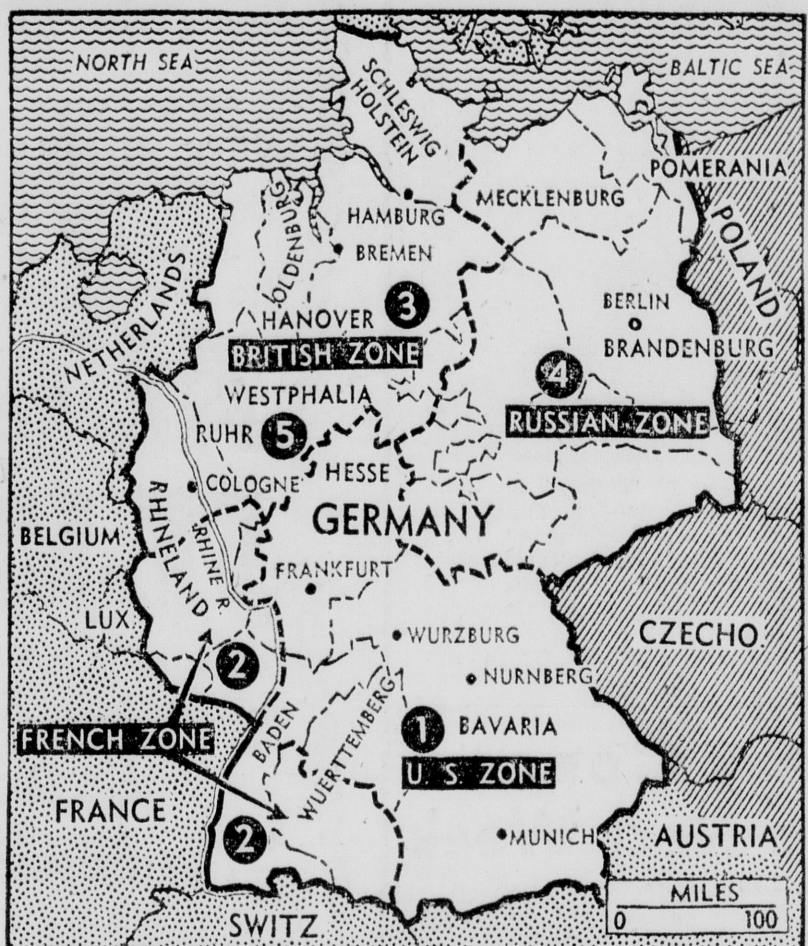

Washington, June 8—(P)—You can get a pretty safe out-of-state divorce if the judge gives your husband or wife a full chance to argue the question of "quickie" legal residences.

That's the Supreme Court's latest pronouncement on what has been one of the most complex problems in state and federal courts.

Chief Justice Vinson announced the 7 to 2 decision late yesterday. He based the far-reaching ruling on the constitution's requirement that each state must give full faith and credit to the official acts of other states.

Vinson said Massachusetts courts erred in labeling as "no

4. Office of Defense Transportation: \$349,000—a cut of \$105,000.

The ODT goes out of existence next February 28 unless congress continues it.

5. War Assets Administration: \$50,000,000—a cut of \$56,912,000. The committee recommended that the WAA be abolished August 31, and that the budget bureau supervise the distribution of records and property now belonging to the WAA.

The \$4,225,000,000 in WAA inventories—war surpluses not yet disposed of—would be turned over to other agencies.

The bill boosted to an estimated total of \$33,500,000,000 the amount recommended by the committee this year on the basis of presidential money requests of approximately \$35,500,000,000.

## New Move In Quaker City Tax Scandal

Philadelphia, June 8—(P)—A grand jury investigation of Philadelphia's tax funds was ordered today by Common Pleas Judge Raymond A. Macneille.

The probe was demanded by two city officials under fire for inefficient management of their offices.

The officials—Receiver of Taxes W. Frank Marshall and director of supplies and purchases Charles W. Grakelov—asked for a grand jury investigation yesterday.

Both men refused to resign their posts on demand of Mayor Bernard Samuel.

Raphael L. Monks, former Democratic state representative, has been sought since June 7 on a warrant charging embezzlement, conspiracy and fraudulent conversion of \$25,000.

The Foss note, made public for the first time since Foss hanged himself two weeks ago, was titled "How the shortage in the amusement tax office was divided" and contained the names of a number of men.

Meanwhile, Frank Marshall, receiver of taxes, and Charles W. Grakelov, director of supplies and purchases, petitioned Judge Raymond MacNeille of common pleas court for a grand jury probe of their respective offices.

Republican City Chairman William F. Meade demanded Marshall's resignation and requested Mayor Bernard Samuel to oust Grakelov.

Marshall has refused to quit under fire and Grakelov has not acquiesced to the mayor's request that he submit his resignation.

Judge MacNeille said he would consult with District Attorney John H. Maurer before ordering an inquiry of the alleged shortages in the two municipal departments.

## SENATORS DIFFER

Washington, June 8—(P)—Pennsylvania Senators Martin (R) and Myers (D) differed yesterday as the senate wrote into its selective service bill a provision to outlaw the poll tax as a condition to voting in federal elections by members of the armed forces. Senator Martin voted with the majority. Myers opposed the amendment.

## Tot Has Open Safety Pin In Her Stomach

Harrisburg, June 8—(P)—Little blonde four-year old Mary H. Doyle, of nearby Newport, was in the Harrisburg hospital today, an open safety pin in her stomach—but she was getting a lot of moral support from Nurse Winkle, of Philadelphia.

The tot swallowed the pin yesterday and x-rays were being taken at intervals to trace the pin's course.

Nurse Winkle, who stops by the youngster's bed whenever she has a spare moment, swallowed a safety pin when she was a six year old child, "and I know just what it is like."

## Dairymen In Eastern Area Seek Increase

Philadelphia, June 8—(P)—A two-and-a-half to three cents a quart increase in the price of milk delivered is being sought by dairy farmers in the Philadelphia milkshed.

In another development, the State Milk Control Commission set dates for new hearings on milk prices in the Scranton, Erie and Schuylkill marketing areas.

The request for higher milk prices was made by the Inter-State Milk Producers Cooperative yesterday at a public hearing before Earl J. Smith, U. S. department of agriculture hearing master. There were no objections to the proposed increase by consumer interests.

The cooperative, which represents 6,600 producers supplying the Philadelphia-Trenton-Wilmington markets, seeks federal approval of a \$5.90 per hundred-weight price during July, August and September, and \$6.30 for October, November and December.

If the increase is granted, it will add another half to one cent to increases scheduled by the State Milk Control Commission for July 1 and October 1.

In the Erie district, however, the retail price went down one cent to 10 1/2 cents a quart on May 1.

And producers prices were dropped a corresponding 10 cents a hundredweight. The prices return to previous levels, however on July 1.

## Municipal Workers in Streets And Parks Departments Strike Over Wage Demands

Town council last night authorized its parks committee, chairmaned by S. E. Kuhre, to once again look into the matter of toilet facilities for the borough's playground on school property at the rear of Lacy school on the east side.

However, they offered little hope that such facilities might be installed by the time the playground is opened officially for the summer season next Monday.

The matter of toilet facilities, first presented to the council two months ago by the Lacy PTA, was re-opened last night following a delegation of PTA members, with the Rev. William T. Lane as its spokesman.

Rev. Lane presented a petition signed by many property owners in the area east of Central avenue asking some action on the problem. The petitioners pointed out that the school board does not permit youngsters at the playground to use existing toilet facilities in Lacy school, and that the children, rather than walk five or six blocks to their homes, use nearby weed patches or areas between neighboring homes.

Council President W. E. Rice told the delegation that the council had gone into the matter thoroughly before, and that it was the consensus of opinion that borough council did not wish to install permanent improvements or facilities on property the borough does not own or on which they do not have a long term lease. The playgrounds area is leased from the school district on a year-to-year basis.

Later in the meeting, council shot a big hole in its own reason for not providing toilet facilities when it was brought out that similar facilities were installed last year on the West Side play area on property on which the borough has only a short term lease.

President Rice directed Park Chairman to confer once again with school board members to see if some compromise arrangement could be worked out.

Councilmen were unanimous in their expressions that something ought to be done about the situation at Lacy and on other playgrounds. But, to some observers, it seemed that the solons and also the school board members, with an eye on their budgets, are striving desperately to make ends meet without raising taxes, and that neither is willing to take on the added expense on installing and maintaining the toilets.

R. M. Krebs, council finance committee chairman, observed, however, that it doesn't matter who pays the cost, it still will come out of the taxpayers' pocket.

## REQUESTS FOR PAY BOOSTS ARE REJECTED

Borough Council Turns Down Plea of Police and Firemen For 10 Per Cent Pay Hikes

## TWENTY ARE AFFECTED

Expressing dissatisfaction over a pay boost of from five to seven cents an hour, effective June 1, granted at a meeting of town council last night, some 29 municipal workers and parks department went on strike today.

The borough workers had asked a pay raise of 25 cents an hour, retroactive to May 1.

A similar request by borough police and firemen for a 10 per cent pay hike, effective June 1, was turned down by council.

R. M. Krebs, chairman of council's finance committee, declared at last night's meeting of the solons that it would require a two mill increase in the tax levy to take care of the full pay demands of the police, fire and municipal workers.

The new scale for streets and parks workers raises the hourly rate for mechanics and equipment operators from 95 cents to \$1; truck drivers from \$2 1/2 cents to \$7 cents; and laborers from 76 to 82 cents.

Krebs said that a survey showed the pay scale for Warren police and firemen compared favorably with other communities in northwestern Pennsylvania, such as Oil City and Bradford, but that "we were somewhat under the going rate for labor in those two communities."

He said, in recommending the new scale for the streets and parks department, that the new rates would bring Warren in line with that paid for similar job classifications in Oil City.

The parks department has five workers affected by the new wage scale, while about 15 are employed by the streets department.

The strike of the borough workers did not come as a complete surprise to councilmen. It had been rumored for some time that the workers planned to walk off their jobs if they were not satisfied with council's action on their petitions for a pay raise.

"We've had a lot of work cleaning up after the flood. We've been cleaning out a lot of sewers and

### Heldup

To the Editor:  
Ever hear of a fellow pulling a holdup because he "needed \$10 to pay court costs I owed on a previous case"? Well, according to an Associated Press story in the Louisville (Ky.) Courier-Journal, that's what John Bravis, 56, Pittsburgh, Pa., did the other day.

Come to think about it, I believe I have heard of something like that before. Isn't that what the booze business does—hold up people up to raise the money for the fine it has to pay in order to operate? And, by the way, it was a saloon this fellow was charged with trying to rob. I guess John Bravis was just putting into practice what he had learned from John Barleycorn. Don't you think so? RAGS

When:  
We are oftentimes asked when will the state go dry.

There is but one answer. The state will go dry when Christian men and women stop hiding behind excuses for their indifference, when church people, seeing that the world is on the verge of moral debauchery, are willing to stop splitting hairs about church and state and ready to join the fire company as Christian firemen and help put out the fire.

And when men and women are willing to cast aside "party men" whose only allegiance is to the liquor crowd, and vote instead for sobriety and decency.

Yes, when men and women are willing to get out and lead a crusade for civic and moral righteousness the state will go dry, but not before.

The state will not rise from its debauchery and hoist again its ideals and standards for higher ideals in state government until we have passed through a political and spiritual bath.

Chapter 5

It was true that Hildred was not impressed with material things. She lived much too close to stark reality—poverty, sickness and misery—in her daily work. But she would not have been human had she not found herself a little awed when she was ushered into the enormous reception hall of the great house in which Lucien Lanier lived.

The interior was like a movie script: the floors black and white marble walls hung with priceless tapestries, the swinging chandeliers, the gleaming silver, the crystal pendants. The furnishings and ornaments were museum pieces and collectors' items.

She saw Mr. Lanier coming to greet her, as she silently handed the hovering butler the wrap she had removed. "Well, here you are," he said. "I've been waiting for you. You look lovely. You don't mean that Mr. Lanier? You don't mean any of this? I don't know why you asked me here. Unless it is to amuse yourself, since you must be bored and lonely in such ornate surroundings."

LUCIEN LANIER put his glass down, without drinking from it. His expression was much the same as when he had stood looking after her, that first day they had met. He said, "I bet you mean that. But you are mistaken. I asked you because I wanted to know you better. Though I tell you, I may have behaved in such a manner as to make you believe the worst of me."

"I did not say that," Hildred returned, her eyes not wavering. "I think the worst of you, all I force his steady regard. I don't merely think you misled me on an impulse, which you may have regretted. And that I am sure you do not pretend an interest in me. I know why you asked me here. Unless it is to amuse yourself, since you must be bored and lonely in such ornate surroundings."

Hildred murmured that she was feeling very well, though, at the moment, she was not. "Will you come this way?" he was saying courteously. "I thought we would dine in my upstairs apartment. The rest of the rooms are not all in readiness for occupancy—the house has been closed, you know, since Grandfather died, and I thought I would not trouble to use them until my mother joins me."

Then she would not have to meet the Countess; that was a relief. She followed, silently, across the marble floors, up the curving stairway. She was reaching, rapidly, a decision. She had been foolish enough to come, but she would not stay. There was an open fireplace with a few logs crackling merrily, as the autumn night was cool; before it, there was a table set for two, with beautifully appointed silver and tall, lighted candles, and a centerpiece of flowers.

"I hope you will make yourself comfortable," Lucien said, waving a hand toward a small brocade divan. With the other hand he pulled

Youngsville, June 7 — Members from all of Youngsville Girl Scout troops enjoyed the June County Girl Scout festival at Birdsall Edey Saturday, making the trip from Youngsville by bus. Youngsville Girl Scouts were represented on the excellent program given by 16 different troops within the Warren County Council. Troop leaders present at this gathering from Youngsville were Mrs. Wade Ransom, Mrs. Clara Welsh, Miss Edith Husted, Miss Betty Husted and Mrs. John Kirk, the latter leading in the singing.

The Girl Scouts of Troop 58 are entertaining their parents at a twelve dinner Wednesday evening of this week, June 9th, on Island Park. Patricia Abraham will be in charge of the twelve dinner arrangements at Island Park, and Jean Samuelson has charge of the program which will show recent troop progress.

Mr. and Mrs. Herbert Maasz and family have returned from a trip to the coast. They have been away for some months stopping at various points of interest, and as Mr. Maasz says, "had a splendid time."

William Unterreiner is now taking the day work on the Youngsville police force, filling in the place formerly held by P. J. Erick. Mr. Erick now has a position at the National Forge of Irvine.

In order to re-set the hydrant at the corner of Highland avenue and North Main street, water will be shut off North Main street and side streets leading to North Main street from 10:30 a. m. until 11:30 a. m. on Tuesday, June 8th.

Chapter 5  
It was true that Hildred was not impressed with material things. She lived much closer to stark reality — poverty, sickness and misery — in her daily work. But she would not have been human had she not found herself a trifle awed when she was ushered into the enormous reception hall of the great house in which Lucien Lanier lived.

The interior was like a movie script; the floor, black and white marble, walls hung with priceless tapestries, the swinging chandeliers, glittering dazlingly with crystal pendants. The furnishings and ornaments were museum pieces and collectors' items.

She saw Mr. Lanier coming to greet her, as she silently handed the hovering butler the wrap she had removed. "Well, here you are!" Her host's manner was more cordial than she had remembered. His dark eyes were coolly polite, but his smile was almost friendly. "I wondered if you would come, Miss McNaughten. I trust you are feeling entirely recovered from your accident?"

Hildred murmured that she was feeling very well, though, at the moment, she was not. "Will you come this way?" he was saying courteously. "I thought we would dine in my upstairs apartment. The rest of the rooms are not all in readiness for occupancy—the house has been closed, you know, since Grandfather died, and I thought I would not trouble to use them until my mother joins me."

Then she would not have to meet the Countess; that was a relief. She followed, silently, across the marble floors, up the curving stairway. She was reaching, rapidly, a decision. She had been foolish enough to come, but she would not stay. There was an open fireplace with a few logs crackling merrily, as the autumn night was cool; before it, there was a table set for two, with beautifully appointed silver and tall, lighted candles, and a centerpiece of flowers.

"I hope you will make yourself comfortable," Lucien said, waving a hand toward a small brocade divan. With the other hand he pulled

**TIME FOR CAUTION**

Safety should not be a seasonal consideration, reminds the Bradford Era. It should be practiced every day of the year. But with the coming of warm weather and vacation time, every adult and child ought to remember with special emphasis that safety saves lives and carelessness can take a severe toll.

Some motorists, by their actions, give the impression that the speed limit in this city is well above 25 miles an hour. They apparently forget that, because no policeman happens to be on the scene, they are still required by law and by common sense to preserve their own lives and those of other motorists and pedestrians. It's high time that people afflicted with a "heavy" foot on the accelerator, should start doing a little serious thinking about safety.

Children, just released from school work for the summer, are a bit exuberant these days. Parents should instruct them not to dart into the street or ride bicycles as if there were no other vehicles. And grownups, too, should remember the age-old wisdom of looking both ways before stepping out into busy thoroughfares.

Safety is well worth cultivating. It may save your life and the lives of many others.

**DRIVER TRAINING HELPS**

In view of the fact that school district and motor club officials are working out plans for the launching of a driver training course in the Warren High School with the opening of the fall term, the following from the Salamanca Press furnishes timely reading:

Accident records of various states are cited by the Automotive Safety Foundation as showing that sixteen-year-old drivers are involved in three to nine times as many fatal automobile accidents as middle aged drivers, on a mileage basis. Traffic experts say this is because of lack of driver training, together with three characteristics of youth, namely:

Too much energy, which shows up in excessive speed, vigorous braking, engine-racing and wheel-spinning; inability to keep attention on driving, leading young drivers to participate in entertainment of car companions or to wave at friends; and the tendency to "show off."

Some states report marked improvement in the accident and violation records of trained young drivers in contrast to untrained youths. Training now provided in a considerable number of high schools which have driver education courses appears to pay.

**CHURCHILL AND SMUTS**

The case of Jan Christian Smuts in South Africa resembles that of Winston Churchill in the United Kingdom. Both statesmen won deserved world fame for their contributions to the defeat of Nazism, and both have now been removed from their high office by the will of their countrymen.

But there is an important difference. Mr. Churchill's political downfall obviously resulted from the conservatism of his domestic policies. Marshal Smuts lost out because his domestic policies are, by his opponents' standards, too radical. Yet Mr. Churchill's voice has not been silenced or his influence destroyed by political defeat. And we hope that the aging Marshal Smuts may continue to combat the program of isolation and segregation, so out of key with progressive thought, which at present is his nation's choice.

**CHANCE TO HELP STARVING TOTS**

Children are dying all over the world for lack of a cup of powdered milk, a crust of bread, a few drops of cod liver oil.

Their own countries can't save them.

Americans can, by contributing to the Crusade for Children of American Overseas Aid-United Nations Appeal for Children.

This campaign asks \$80,000,000 of the American people, so that the children of war-impoorished lands may live.

Send your contribution today to H. B. Meacham, treasurer, at Warren National Bank.

A Chicagoan wants to install express lanes in supermarkets to cut down on traffic jams and pushcart collisions. We imagine that most shoppers could bear the traffic if somebody would only do something about those prices, which still seem hitched to the principle of "all the traffic will bear."

Engineers have made \$67,000 worth of improvements on the acoustics of Philadelphia's Convention Hall. Let no one imagine, however, that this will eliminate either echoes or dead spots from the forthcoming political oratory in that auditorium.

Interesting Items Taken From The Warren Evening Times

1938

Mr. Donald Bathurst, pianist, class of 1938, of Clarendon, gave his senior recital last night before a large audience at the Conservatory of Music.

The 49th annual convention of the Sunday Schools of Warren county opened most auspiciously yesterday afternoon at the United Brethren church. First day speakers were Dr. Tralle, "Fish" Brown, H. C. Cridland, and Ernest Kaebnick.

Two suicides occurred in the county yesterday afternoon and evening, making a grand total of seven for the year, according to Coroner Ed C. Lowrey. A Sheffield lumberman slit his throat in the second floor and the tragedy was discovered that night when blood began dripping on the supper table.

Almost constant rainfall during the past three days has set a record for 1938, according to Weather Watcher Ralph Simpson. The total amount of precipitation is 2.68 inches per square inch.

1933

A ground school course in the theory of aeronautics has been started at the Warren airport for

students and others who are interested. Slip King will be the instructor.

If present plans are completed, the Pittsburgh Pirates baseball club will be brought to Warren for an exhibition game next month with the Moose Club. Honus Wagner would tag along.

**Plant a Flower Garden to View from Picture Window**

1-VIOLA CORNUTA, YELLOW.  
2-VIOLA CORNUTA, BLUE.  
3-PETUNIA, RED.

A picture window is almost standard equipment for the modern small home. The name is based upon the assumption that the window looks out upon a landscape view.

Many such windows are seen obscured by shrubs, grown too tall for the low house they are intended to decorate. Others are heavily curtained, since the only view is one of a bare front lawn, and street.

But the picture window in the illustration achieves its purpose, thanks to the attractive flower bed planted in front of it. On the low, one-story house which now dominates new building, flowers in the front yard provide an attractive frame and decoration for the usually severe design.

Violas are cousins of the pansy, but have a longer flowering season, especially when shaded. They are excellent for planting in front of a home, which faces north. The color scheme, and flower varieties suggested in the sketch, can be varied.

A modern effect in decoration is obtained when flowers are planted in masses of a single color, rather than

in mixture, or in patterns. A ribbon planting of the modern small home. The name is based upon the assumption that the window looks out upon a landscape view.

Dwarf growing varieties are most in favor, to keep the planting low, so the view from windows is unobscured, and the low-set house is not made to seem lower.

Low growing annuals which are suited for use in front yard flower beds and borders include:

Blue-Chinese delphinium, violas, petunias, ageratum, anchusa, pompon asters, alysium violet queen, cynoglossum, lobelia, dwarf morning glory, pierisbergia, phlox, verbenas, and forget-me-not.

Red and pink-pompon asters, begonias, carnations, pinks, candytuft, celosia, clarkia, pinks, nasturtiums, petunias, phlox, portulaca, salvia, verbenas, lilliput and cupid zinnias, impatiens.

Yellow and orange-Coldwater dwarf calceolias, orange cosmos, dimorphotheca, California poppy, lantana, marigolds, nasturtiums, portulaca, santalita, cupid and lilliput zinnias.

### Barbara Ayer Boynton-William Hesch Wed In Holy Redeemer Rites Monday

White gladioli and other seasonal white flowers were used in attractive altar arrangement in Holy Redeemer church Monday morning, when Miss Barbara Ayer Boynton, 21 West Third avenue, became the bride of William Harold Hesch, son of Mr. and Mrs. George Hesch, 202 Central avenue.

Evelyn Donnelly was at the organ for the traditional bridal numbers and as accompanist for Nancy Wickstrom, who sang Schubert's "Ave Maria," "Mother, At Your Feet Is Kneeling" and Caesar Franck's "Panis Angelicus."

The bride, daughter of Mrs. Alce Allen, of Warren and Harrisburg, was given in marriage by her father, Albert B. Boynton, of Harrisburg. Attendants were her sister, Nancy, as maid of honor; Nancy Hesch, sister of the bridegroom, and Janice Lawson, as bridesmaids.

The bridal gown of white frosted organza over silk jersey was styled with fitted bodice, ruching forming a yoke effect below a high neckline and trimming the long, tight sleeves, and the bouffant skirt falling into a train. Her poke bonnet was faced with flowers and her veil fell fingertip length from a banding of the same blossoms attached to the back of the bonnet. Her white satin prayer book was topped with white rosettes and with tulle streamers.

Attendants wore taffeta frocks, the maid of honor in peach color, Miss Hesch in aqua and Miss Lawson in yellow. Their dresses were fashioned with tiny collars and skirts had ribbing at the hips to provide a bouffant effect. Their matching hats were of the same style as the bride's with facing flowers matching their small color bouquets of yellow and deep pink roses and tulle.

Kenneth Berdine was best man for Mr. Hesch and ushers were Edward Boynton and Albert Boynton, Jr., of Harrisburg, brothers of the bride; Allan McNally and James Hildum, George Hesch, brother of the bridegroom.

After a honeymoon in Buffalo and Maple Springs, N. Y., the new-laid will live in Pittsburgh. For traveling, the bride chose a pale green gabardine suit and Milan straw with black lace veiling, and wore the white roses from her prayer book.

Both young people are graduates of the local high school. The bride was graduated later from Central Penn. Business College in Harrisburg and has been employed as a secretary at Solar Electric.

Mr. Hesch, chemical engineering student at University of Pittsburgh, served in World War II and was attached to army general headquarters in Tokyo, Japan.

Pre-nuptials were given by Jean and Nancy Hesch; Gloria Koebly and Winifred Allen; June Elvinger and Frances Harding; Janice Lawson; Mildred Blair and Mrs. Willis Cooney, and employees of Solar Electric.

### Golden Wedding Of Victor Moodys Is Happy Event

Mr. and Mrs. Victor Moody, 1910 Pennsylvania avenue, east, celebrated their golden wedding anniversary Friday evening, with a family dinner at their home.

Following dinner, tinnies, old photos and pictures of the family and friends were shown on an opaque projector.

Guests from out of town were Mrs. Ralph Nash, Louise and Carl Nash, William Peterson, Williamsport; Rev. and Mrs. Robert Olson and family, Pittsburgh; Mrs. Helen Dinges, Miss Elsa Johnson, Forest Hills, Long Island; Mrs. Victor Rausch, Maplewood, N. J.; Paul Moody and Neil Moody, East Orange, N. J.; Mr. and Mrs. Fred Sopper, Erie; Mr. and Mrs. Ernest Swanson and family, Mr. and Mrs. Algot Swanson and family, Ludlow.

### Clarendon Church Scene Of Riddle And Lobdell Rites

The Clarendon Evangelical United Brethren church was the scene of a pretty wedding at 2 p. m. Saturday, June 5, when Shirley E. Lobdell, daughter of Mr. and Mrs. C. B. Lobdell, Clarendon, became the bride of Melvin M. Riddle, son of Mr. and Mrs. Amanda Riddle, also of that place.

The ceremony was performed by Rev. C. C. Van, with pink snapdragons, white gladioli and palms arranged in an attractive setting. Walter Whaley, Warren pianist, played "At Dawning," "Ah, Sweet Mystery of Life," "I Love You Truly," "Miss Beverly Adams sang "In The Garden of Tomorrow" and "Because."

Given in marriage by her father, the bride was attractively gowned in white slipper satin with train. The bodice buttoned down the front from a Peter Pan collar to the full flowing skirt and long sleeves were styled with points over the wrists. Her fingertip veil was lace edged and fell from a beaded tiara.

Her sister and matron of honor, Mrs. Clarence Ecklund, Clarendon, wore a yellow frock and headband matching her bouquet of yellow gladioli. The bridesmaids, Ethel A. Miller, Clarendon, and Martha L. Sedon, Warren, wore pink and blue frocks, respectively, and had headbands which matched their bouquets of pink and salmon gladioli.

Mrs. Lobdell wore an all-navy ensemble and Mrs. Riddle was in black, each with a corsage of red roses.

Charles G. Riddle, Jamestown, N. Y., was best man for his brother and ushers were John L. Riddle, Philadelphia, another brother, and H. Dale Meddock, Clarendon, brother-in-law of the bride.

A reception for 75 guests followed immediately in the church parlors, where appointments were in pink and white and centered about a three-tiered wedding cake. Several out-of-town relatives and friends of the couple were in attendance from Warren, Jamestown, Buffalo and Detroit.

After a wedding trip to the Finger Lakes region, the newlyweds will reside in Clarendon. For going away, the bride chose a suit of coral color, white accessories and a corsage of white gladioli.

The bride, graduate of Warren High School in 1946 and employed by the New Process Company, has been honored with showers given by her sisters, Mrs. Ecklund and Mrs. Meddock; Martha Sedon and Beverly Adams, Ethel Miller and the NPC correspondence department.

Mr. Riddle, local alumnus in 1944, served two and one-half years in the Navy and is employed by the Clarendon Barrel Works.

Jud Seavy, with one hit in two tries at the plate for a .500 percentage heads the list of batting averages for Warren High School's baseball team, but Chuck Niederlander, Dick Reed and Rudy Ahlgren were the big guns at the plate for the Dragon's six game season.

## Waynesburg Mighty Proud Of Gustine

Waynesburg, June 8.—(P)—Frankie Gustine, the Pittsburgh Pirate's third baseman who coaches the Waynesburg College basketball team in the winter, is so popular here they're recording his exploits in the official college records.  
The August board of trustees of Waynesburg College was in session Saturday trying to figure how to raise \$500,000 for a building fund.  
A messenger knocked on the door and announced: "Frankie Gustine just hit a home run with two out and one on in the last of the ninth to beat the Braves 8-7."  
On motion of College President Paul E. Stewart, the following went into the minutes: "Whereas, Frankie Gustine, having become aware last winter of the vicissitudes which plague a college president—especially the problem of raising funds—came noble to the rescue during the game Saturday by slugging a home run which won the ball game for Pittsburgh and by this act engendered new hope and enthusiasm among his friends in Waynesburg, the motion is hereby made of the secretary be directed to make note of this occurrence."

## Mack Is Not Discouraged By Setbacks

Philadelphia, June 8.—(P)—Connie Mack today took a speculative look at his Philadelphia Athletics—winners of only two games in their last nine—and offered this comment: "These conditions are not permanent."  
This stand by the 53-year-old president-manager of the Philadelphia American League entry was in contrast to his repeated refusal to give lip service to the fans' exuberance while the A's were leading the league.  
The Mackmen came back to Philadelphia for a long home stand, starting against the New York Yankees on May 25. The A's won three out of four from the Yanks and then went into a slump climaxed by three straight defeats in the recent Cleveland series.  
It was suggested that the A's might be tired at this point after setting the league pace for a major portion of the young season.  
"No, they're not tired," said Mack. "It's simple that we miss Valo and Hoeskey, and our pitching staff at the moment is all shot."  
Rightfielder Elmer Valo sustained a rib fracture in a fence-crashing catch at St. Louis two weeks ago and at the same time Leftfielder Barney McCoskey pulled up with a strained leg muscle.  
Three starting pitchers have been having arm trouble. Bill McManis as a result of a stiff shoulder, Dick Fowler because of buritis and Phil Marchildon because of a cold in his back.  
Things are looking up, however, Mack said.  
"I feel that McManis right now is ready for work, though, naturally we'll try him in relief before starting him. Marchildon always has trouble with his arm in the spring and I also hope that the warm weather will straighten out Fowler."

## Graziano And Zale Will Do Pretty Well

Newark, N. J., June 8.—(P)—The "seven millionaires" who are promoting the third Rocky Graziano-Tony Zale fight here tomorrow night won't get rich but Rocky and Tony will do all right.  
A little matter of a guarantee posted in New Jersey assures the two fighters a midweight championship of at least \$120,000. The ex-champion from Gary, Ind., will get \$50,000 or more.  
Neither Graziano nor Zale are close to the Dempsey-Tunney payoffs but they should have a little stacked away for their old age.  
In the first fight they each took down \$78,852, a defending champion in Chicago last July Zale was paid \$152,968 and the Rock \$76,484.  
These figures add up in a nice neighborhood. For Zale it's \$331,860 for two starts and \$153,976 for Graziano.  
Despite early optimistic estimates of a Ruppert Stadium game of \$450,000, it looks now as though they'll settle for \$50,000. At \$50 tops the house is scaled for a \$540,000 sellout.

## Sisler Haunts Cardinals By Knocking Them Out of Lead

By JOE REICHLER  
Associated Press Sports Writer

It never fails—trade away a guy and he comes back to make you rue the day.

Eddie Dyer, manager of the St. Louis Cardinals, is the latest to feel the wrath of a discarded player. Dyer must have had moments of regret last night when Dick Sisler, former Redbird first baseman, cracked two home runs

to lead the Philadelphia Phillies to a 5-1 victory over the Cardinals. Sisler was traded by Dyer to the Phillies just before the opening of the season for infielder Ralph Lapointe after he lost out as regular first baseman to Nippy Jones.

The son of baseball's immortal George Sisler not only whipped his former mates single-handedly by adding a single to his pair of round trippers and driving in four runs, but knocked the Cards right out of the National League lead. St. Louis' loss together with the New York Giants' 9-5 victory over the Pirates in Pittsburgh, dropped the Cards into second place, half a game behind the Giants.

The Giants climbed back into the lead by clubbing Kirby Higbe and Elmer Singleton for 13 hits, nine of them for extra bases. After the Pirates had overcome deficits three times to pull even 5-5 at the end of seven innings, the Giants finally moved ahead to stay when Bobby Thompson wacked a two-run homer in the eighth.

Jim Russell blasted two home runs and two doubles to lead the Boston Braves to a 9-5 victory over the Cubs in Chicago. Russell drove in five runs and scored three himself. The homers were Nos. 6 and 7 for him.

In the American League, the St. Louis Browns upset the New York Yankees at Yankee Stadium, 5-3, to snap their six-game losing streak. Rookie right-hander Ned Garver went the route for the first time this season, scattering 11 hits. Johnny Lindell and Phil Rizzuto hit homers for the Yankees and Paul Lehner slammed one for the Browns. Frank (Spec) Shea was the loser.

The defeat dropped the third place Yankees three and a half games behind the league leading Cleveland Indians. The Senators rolled to a 7-1 victory over the last place Chicago White Sox in a night game at Washington. The game was halted by rain with the Senators at bat in the last half of the seventh.

Rain caused the postponement of scheduled games between the Cleveland Indians and Philadelphia Athletics and Detroit and the Boston Red Sox. Brooklyn and Cincinnati were not scheduled.

## Fish Story

A too small mouth proved disastrous for this largemouth black bass at a Herndon, Miss., lake. A half-pound crappie stuck in the large fish's gills when he tried to swallow the smaller one whole. Thrashing about to free itself, the bass flopped out of the water onto the ice. Then F. T. Priddy, right, had a seven-and-one-half-pound bass for dinner, plus the smaller fish.

Waynesburg, June 8—(P)—Frankie Gustine, the Pittsburgh Pirate's third baseman who coaches the Waynesburg College basketball team in the winter, is so popular here they're recording his exploits in the official college records.

The August board of trustees of Waynesburg College was in solemn session Saturday trying to figure how to raise \$500,000 for a building fund.

The Butler Yanks took the first game of a scheduled doubleheader from the Youngstown Colts, 8-3. The second game was rained out.

George Vinson, hurling his first game for the Yanks, held the Colts to three hits, all in the first two innings. Warren Moore homered for Butler in the third.

The league pacing Lockport Reds and the runner-up Jamestown Falcons resume their series today after a day's rest.

The champion Falcons trail the Reds by a slim half-game margin. The Jamestown club is bent on taking over the top spot for the first time this season.

The Falcons hold a 2-1 lead in their current series with the Reds. The leaders won the opener but dropped two weekend games. Last night's game was among the four league contests washed out. The Falcons remained in Lockport for today's game.

Other games today: Hamilton at Wellsville (2), Hornell at Olean and Bradford at Batavia.

## Graziano And Zale Will Do Pretty Well

Newark, N. J., June 8—(P)—The "seven millionaires" who are promoting the third Rocky Graziano-Tony Zale fight here tonight won't get rich but Rocky and Tony will do all right.

A little matter of a guarantee posted in New Jersey assures Graziano, the middleweight champ, of at least \$120,000. The ex-champ from Gary, Ind., will get \$60,000 or more.

Neither Graziano nor Zale are close to the Dempsey-Tunney payoffs but they should have a little stacked away for their old age.

In the first fight they each took down \$78,892. A defending champ drew \$122,988 and the Rock \$76,484.

These figures add up in a nice neighborhood. For Zale it's \$231,880 for two starts and \$155,376 for Graziano.

Despite early optimistic estimates of a Ruppert Stadium game of \$450,000, it looks now as though they'll settle for \$250,000. At \$30 tops the house is scaled for a \$540,000 sellout.

## Young Cleveland Pianist Pleases In Piano Recital

Phi Chapter of Pi Mu is surely to be congratulated on the success of the piano recital given Sunday evening at the Russell Piano Studios by Ando Altschul, member of Tau Chapter of Cleveland.

The young artist commenced his program with a group of the early classics. The first number, Bourree by Bach was played with great precision and it was apparent to all present that the young lad of 15 years had already won his audience.

The Moonlight Sonata by Beethoven was given a fine rendition. An atmosphere of quietude was created in the first movement and the closing movements were performed with great speed and clearness.

The lightness and velocity with which the Scherzo and Spinning Song of Mendelssohn were played completely captivated the audience.

The Chopin numbers were played with much feeling and displayed a true understanding of the poetic genius of the Polish composer.

The program also included numbers by Brahms, Moszkowski, De Falla, Chavarrri and closed with Concert Rude by MacDowell.

The young artist graciously responded to the instant applause of the audience, by playing Mazurka by Chopin, which was followed by Spring Prelude by MacLachlin.

Andre displays much musical talent, is an inveterate student and has already made strides toward carving for himself a niche in the fast growing musical life in America.

# Dikes Bend Under Third Flood Crest

Portland, Ore., June 8.—(AP)—The Columbia and Fraser rivers fared their third flood crest down river today. Weary sandbag battalions denuding battered American and Canadian dikes were reinforced for three more weeks of seige.

Scorching weather throughout the Pacific northwest sent tons of water from fast-melting mountain snow into the two rampaging river systems. The Kootenai river, one of many feeding the Columbia, crashed through another dike in Canada. Water poured over 8,000 acres of rich farmland near Creston, B. C., 350 miles east of Vancouver.

Elsewhere in the vast, flood-ravaged region of Oregon, Washington, Idaho, Montana and British Columbia men and machines held the weakening levees—barely held them.

How long they could go on winning, no one knew. Nor did anyone know what to expect from the third crest. It had not built up enough so forecasters could say if it would top the first and second, crests of the past week. It all depended on how long the sun blazed down on the snowpack.

In both countries, more manpower and earthworking equipment was thrown into the battle that already has cost 37 lives and perhaps \$140,000,000 in damage. Hundreds still are listed as missing in the Memorial Day Drowning in Vancouver, war housing city of 18,700, on the Columbia and Oregon near Portland.

# New Appeal Presented To Council For Rest at Lacy Playgrounds

(From Page One)

Numerous other matters came before the councilmen last night for action.

Colons, on recommendation of the police committee, authorized hiring of a temporary policeman for 60 days to work under supervision of Burgess William F. Crosssett on checking of speeding, especially along Conewango and Pennsylvania avenues and Market street.

The action was taken after a delegation from the Conewango district, with Donald Anderson as its spokesman, complained that motorists were disregarding speed limits on that street and that the lives of children were being endangered.

Councilmen joined in the discussion, pointing out that the speeding was also a serious one on Market streets and Pennsylvania avenue.

Some thought was given to establishing a speed trap on Conewango avenue, similar to that conducted in past years in Pennsylvania avenue on the east side.

Wayne Bauman, chairman of the police committee, said that officers would be required to operate such a speed trap, and that to ask the present police force to operate such a trap would deprive them of a complete shift.

The police department operates two five man shifts, with one man on each shift assigned to desk duty at police headquarters.

James Smith, another member of the police committee, said that the Automobile Association, which has been operating a speed trap for several months to patrol the streets on the police motorcycle, with his only duties to check traffic violations.

It was this suggestion that met with approval of council, following a consensus of the police and finance committee.

A. E. Johnson, chairman of the flood committee, reported the borough's application for a stream channel deepening and clearance project in the Allegheny river and also the application to erect dikes on the south side and west side of the river with army engineers in Washington and copies of applications being forwarded to Congressman Leon H. Gavin.

Johnson also reported the State Department of Forests and Waters expected to start a channel widening and deepening project at Glade run within a week or 10 days.

However, it was pointed out, that the legal steps must be taken before one of the present retaining walls can be moved back six feet to provide a 20 foot channel planned for that stream.

A considerable portion of last night's session was devoted to a discussion of rough sidewalks in some sections of the town. J. A. Karlson, chairman of the streets and sidewalks committee, said he personally had visited 42 property owners during the past month in regard to sidewalk repairs if they could get someone to do the work.

Councilman R. H. Truesler suggested the borough "clean its own house" by repairing sidewalks along the borough parks and then take action against private property owners whose sidewalks are badly in need of repair.

The police committee was authorized to make application to the state highways department for a traffic check on Pennsylvania avenue, west at the Struthers-Wells plant to determine the need for a pedestrian traffic light.

The action was taken following receipt of a letter from Struthers-Wells in which it was pointed out that a dangerous traffic situation exists due to the necessity for employees to cross the thoroughfare between the office and the plant, and also to reach the bus stops.

The committee also suspended rules and passed on all three readings an ordinance accepting the plot at the southwest corner of Market street and Fourth avenue as a park in memory of Edward D. Wetmore. The plot, 61 feet by 96 feet, was given to the borough for a memorial park by Mr. Wetmore's daughter, Alice W. Brann and her husband, Mr. R. Brann. Deed to property will remain with the borough as long as the area is used as a public park, but will revert to the original owners or their heirs in event the park is abandoned by the borough.

# Market Quotations

New York, June 8.—(AP)—Steels, motors and oils were in front of a generally higher stock market today.

Trading activity was moderately heavy at the openings but when overnight orders were cleared, volume dwindled appreciably as buyers and sellers alike attempted to gauge the next phase of the market's position.

Oil stocks, the firmest pillar in the market's foundation in recent weeks, continued to attract a considerable amount of buying on top of reports from Texas and other producing areas that a new increase in the price of crude was being discussed. Richfield touched a new peak for the year.

# Monoxide Blamed In Cabin Deaths

Seaside Heights, N. J., June 8.—(AP)—Police listed carbon monoxide poisoning today as the accidental cause of the death of William H. Treys and his bride, found dead in each others' arms several hours after they had started their honeymoon in a seashore cabin.

Seaside County Detective Chief George Gibson said police were checking a refrigerator for possible leaks but he said he had no further information of the cause of the poisoning.

He said the autopsy indicated Treys, a 37-year-old Philadelphia machinist, and his bride had died on their wedding night at the beginning of what was to have been a week-long honeymoon.

The 31-year-old bride was found lying nude in the arms of her pajama-clad husband. The discovery was made by the owner of the two-room cabin. He said he broke in Sunday night when he became alarmed after not seeing the couple since their arrival on Saturday.

## Young Cleveland Pianist Pleases In Piano Recital

Phi Chapter of Pi Mu is surely to be congratulated on the success of the piano recital given Sunday evening at the Russell Piano Studios by Andre Altechul, member of Tau Chapter of Cleveland.

The young artist commenced his program with a group of the early classics. The first number, Bour- nee by Bach was played with a great precision and it was apparent to all present that the young lad of 15 years had already won his audience.

The Moonlight Sonata by Beet- hoven was given a fine rendition. An atmosphere of quietude was created in the first movement and the closing movements were per- formed with great speed and clear- ness.

The lightness and velocity with which the Scherzo and Spinning Song of Mendelssohn were played completely captivated the audi- ence.

The Chopin numbers were played with much feeling and displayed a true understanding of the poetic genius of the Polish composer.

The program also included num- bers by Brahms, Moskowski, De Falla, Chavarril and closed with Concert Etude by MacDowell.

The young artist graciously re- sponded to the insistent applau- se of the audience, by playing Ma- zurka by Chopin, which was fol- lowed by Spring Prelude by Mac- Lechlin.

Andre displays much musical talent, is an inveterate student and has already made strides toward carving for himself a niche in the fast growing musical life in Am- erica.

# Dikes Bend Under Third Flood Crest

Portland, Ore., June 8—(P)—The Columbia and Fraser rivers fired their third flood crest today. Weary sandbag bat- talions denuding battered Ameri- can and Canadian dikes were re- enforced for three more weeks of siege.

Scorching weather throughout the Pacific northwest sent tons of snow from fast-melting mountain snow into the two rampaging river systems. The Kootenay river, one of many feeding the Columbia, crashed through another dike in Canada. Water poured over 8,000 acres of rich farmland near Cres- ton, B. C., 350 miles east of Van- couver.

Elsewhere in the vast, flood- ravaged region of Oregon, Wash- ington, Idaho, Montana and Brit- ish Columbia, men and machines held the weakening levees—barely held them.

How long they could go on win- ning, no one knew. Nor did any- one know what to expect from the third crest. It had not built up enough so forecasters could say if it would top the first and sec- ond, crests of the past week. It all depended on how long the sun blazed down on the snowpack.

In both countries, more man- power and earthworking equip- ment was thrown into the battle that already has cost 27 lives and perhaps \$140,000,000 damage. Hundreds still are listed as miss- ing in the Memorial Day Drown- ing of Vanport, was housing city of 18,700, on the Columbia and Oregon near Portland.

# New Appeal Presented To Council For Rest At Lacy Playgrounds

(From Page One)

Numerous other matters came before the councilmen last night for action:

Solons, on recommendation of the police committee, authorized hiring of a temporary policeman for 60 days to work under super- vision of Burgess William R. Cros- sett on checking of speeding, es- pecially along Conewango and Pennsylvania avenues and Marke- streets.

The action was taken after a delegation from the Conewango district, with Donald Anderson as its spokesman, complained that motorists were disregarding speed limits on that street and that the lives of children were being en- dangered.

Councilmen joined in the discus- sion, pointing out that the speed- ing menace also was serious on Market streets and Pennsylvania avenue.

Some thought was given to es- tablishing a speed trap on Conewango avenue, similar to that con- sidered in past years in Pennsylv- ania avenue on the east side.

Wayne Painter, chairman of the police committee, said four officers would be required to operate such a speed trap, and that to ask the present police force to operate such a trap would disrupt, one complete shift. The police depart- ment operates two five man shifts, with one man on each trick as- signed to desk duty at police head- quarters.

Jesse Smith, another member of the police committee, said the American Automobile Association frowns on speed traps. He sug- gested hiring an extra policeman or several months to patrol the streets on the police motorcycle, with his only duties to check traf- fic violations.

It was this suggestion that met with approval of council, following a crutch of the police and finance committee.

A. E. Johnson, chairman of the flood committee, reported the bor- ough's application for a stream channel deepening and clearance project in the Allegheny river and also the application to erect dikes on the south side and west side had been filed with army engineers in Washington with copies of ap- plications being forwarded to Con- gressman Leon H. Gavin.

Johnson also reported the State Department of Forests and Waters expected to start a channel widen- ing and deepening project at Glade run within a week or 10 days. However, it was pointed out, that several legal steps must be taken before one of the present retaining walls can be moved back six feet to provide a 20 foot channel plan- ned for that stream.

# Market Quotations

New York, June 8—(P)—Steels, motors and oils were in front of a generally higher stock market to- day.

Trading activity was moderate- ly heavy at the openings but when overnight orders were cleared, vol- ume dwindled appreciably as buy- ers and sellers alike attempted to gauge the next phase of the mar- ket's position.

Oil stocks, the firmest pillar in the market's foundation in re- cent weeks, continued to attract a considerable amount of buying on top of reports from Texas and other producing areas that a new increase in the price of crude was being discussed. Richfield touched a new peak for the year.

Seaside Heights, N. J., June 8—(P)—Police listed carbon monox- ide poisoning today as the acci- dent cause of the death of Wil- chard in each other's arms sev- eral hours after they had started their honeymoon in a seashore cabin.

He said the autopsy indicated Treys, a 37-year-old Philadelphia machinist, and his bride had died on their wedding night at the be- ginning of what was to have been a week-long honeymoon.

The 31-year-old bride was found lying nude in the arms of her pa- jama-clad husband. The discovery was made by the owner of the two-room cabin. He said he broke in Sunday night when he became alarmed after not seeing the cou- ple since their arrival on Satur- day.
